### **Information and Support for Families, Parents/Carers and Young People**

Hello and welcome to the May information and Services Bulletin from the North Bristol Families in Focus team. We thought this information looked interesting and that you might find it helpful. Please feel free to pass onto others.

The bulletin has grown so big that we have split it into two parts as follows:

**Part 1 – Information and Support for Families, Parents / Carers and Young People**

**Part 2 – Information and Support for Practitioners**

Please note that the information here is being shared by Families in Focus but if you require any further details you should contact the relevant organisation. All information is provided by the organisation and Families in Focus hold no responsibility for the contents. Bristol City Council does not endorse the organisations/activities and you should make your own checks to satisfy yourself on the quality of the services on offer. ## Off The Record – Mental Health and Networking for Young People

OTR is a mental health organisation and social movement by and for young people aged 11-25 living in Bristol, South Gloucestershire and North Somerset. We're not just a charity providing mental health services, we're a mental health movement mobilised to support, promote and defend the mental health, rights and social position of young people. OTR is free, confidential and self-referral – we give young people a choice and a voice.

### What's On

### Get In Touch

Check out our website to read more about our services and sign up: [otrbristol.org.uk](http://otrbristol.org.uk)

Give us a call on **0808 808 9120** – our Enquiry Line is open **Monday-Friday 2-5pm**  
Outside of these hours, you're welcome to leave us a voicemail and we'll get back to you –  
just make sure to give your name and number!

Send us an email at [hello@otrbristol.org.uk](mailto:hello@otrbristol.org.uk)

### Change The Record

OTR is really interested to hear what young people think of us – no matter how involved they've been with our services. We've created a survey designed to get feedback, good and bad, and shape OTR into a better service for young people, and we're looking for 11-25 year olds who have previously interacted with us to take part.

All young people who complete the survey will be invited to collect an OTR goody bag, and will also be entered into a prize draw to win one of ten Samsung Galaxy Tab As.

Read more and access the survey here: [otrbristol.org.uk/2022/03/change-the-record](https://otrbristol.org.uk/2022/03/change-the-record)

### Hubs

Our Hubs are safe and relaxed spaces young people can drop into for a chat – no appointment needed. They're a great place to meet our team, discover more about what we offer and learn about mental health and self-care. There will also be opportunities to get involved in creative activities, and lots of tea and biscuits on offer too!

## Off The Record: FAQs

### **FREQUENTLY ASKED QUESTIONS!**

#### **WHAT IS YOUR WAIT FOR 1:1 THERAPIES?**

Our waiting times change all the time and depend on whether you would like to access 1:1 remotely or face-to-face. Speak with our Membership Team for up-to-date information. Also bear in mind some days and times are more popular than others, so the more availability you have the sooner we'll be able to find you a slot.

#### **GROUPS MAKE ME NERVOUS. WILL I HAVE TO TALK IN FRONT OF EVERYONE?**

No! There is no pressure to talk if you don't want to, and you have complete control over whether to have your webcam or microphone turned on in online sessions too. Groups often have shorter waiting lists than 1:1, so it's worth thinking about giving one a try.

#### **WHAT IF I'M NOT SURE WHAT TO CHOOSE?**

There is loads of information about our projects on our website, and we often post about them on our social

media too. If you're not sure which route is right for you, the Membership Team are here to help. You can give us a call on our Enquiry Line (0808 808 9120 - open Monday-Friday 2-5pm) or send us an email ([hello@otrbristol.org.uk](mailto:hello@otrbristol.org.uk)) and we'll be more than happy to chat about the different projects available and help you choose.

#### **HOW DO I SIGN UP?**

You can sign up to all of our projects over on our website by going to the page of the project you wish to access and pressing the 'Sign Up' button at the top. You'll then be given a short form to fill out and submit.

**OTRBRISTOL.ORG.UK**

## Off the Record: Frequently Asked Questions

### **WHAT HAPPENS AFTER I SIGN UP?**

If you've signed up for 1:1 Therapies, we'll get you put onto the waiting list and will next be in touch when we have a slot available for you.

If you've signed up for Mind Aid or Shameless, you will be sent an invitation to join the next available course. This may be shortly after signing up, or it may be after a little while if the current course is full or new dates haven't been announced yet.

Finally, if you've signed up for anything else the lead of the project will get in touch with you (most likely via email) to give you a little more information and help you access the group. This will then give you the opportunity to ask any further questions and express any worries or concerns that you have.

### **CAN SOMEONE SIGN UP ON MY BEHALF?**

At OTR, we want you to have a choice about the support you access (if any at all) and also want to make sure we have your consent to work with us. Ideally we want you to be totally in control and sign up yourself. However, we understand that sometimes you may want some help with doing this - whether that's from a parent or a professional.

We'd encourage parents and professionals to only sign a young person up if they have expressed that they want to work with us. We have very high drop-out rates and a young person is more likely to engage and benefit from our services if they have been in control of these decisions and the sign up process.

If you have signed up on behalf of a young person and have used your own email, we may give you a call just to double check that the young person has consented before processing your information.

### **WHAT ARE MY RIGHTS AT OTR?**

At OTR, you have the right to:

**Choice** - you have the right to choose which support you would like to access, whether that's with us, another organisation or the choice not to access support at all.

**Consent** - accessing our support requires your consent. If you do not wish to work with us that is completely your choice and you won't be forced.

**Confidentiality** - what you talk to us about will not be shared outside of our organisation. The only exception to this is if we believe you or someone else may be at significant risk of harm. In this case, we would most likely need to tell someone but we wouldn't do this without talking to you about this first.

**Complaints** - finally, you have the right to complain if you aren't happy with something that has happened at OTR. You can do this by phone, email or by filling

out the feedback form on our website:  
[otrbristol.org.uk/feedback](http://otrbristol.org.uk/feedback).

### **WHY DO YOU NOT OFFER 1:1 THERAPIES FOR 18-25?**

Unfortunately we are not able to offer 1:1 Therapies for those over the age of 18 due to funding limitations. If we had the capacity to see anyone and everyone then of course we absolutely would. If you are over the age of 18 and would like 1:1 Therapies, you may want to have a look at the following organisations:

Vita Minds ([vitahealthgroup.co.uk](http://vitahealthgroup.co.uk))  
Help Counselling ([help-counselling.org.uk](http://help-counselling.org.uk))

## Support for Children Impacted by a Parent's Drinking

## Ways to feel better

## Talk to someone you trust

Talking about how you feel is not being disloyal to your family and can help you to feel less alone. At Nacoea we understand the problems you're going through. Sometimes, simply talking or writing to someone can help.

## Make time for yourself

You are important. Find time for things that interest you. Sometimes worries take over, and taking even a short break can help.

## Understand that your feelings are normal

It's OK to hate the problems that alcoholism can cause, yet love the person who is drinking. Alcohol problems in the family often result in complicated, confusing and upsetting feelings.

## Read people's experiences on our website

Hearing about other people's life experiences often helps us to make sense of our own situation and feelings. Although every family is unique, there are many similarities in how alcohol problems affect the family.

## Access other sources of support

The Nacoea helpline is here for you. We can also research services in your area that may be helpful. You may find the following organisations of interest:

- **ACA** – Support group for adults who have grown up in alcoholic families ([adultchildrenofalcoholics.co.uk](http://adultchildrenofalcoholics.co.uk))
- **Al-Anon Family Groups** – Support for people affected by someone else's drinking ([al-anon.org.uk](http://al-anon.org.uk))
- **BACP** – Information about counselling and how to find a counsellor ([itsgoodtotalk.org.uk](http://itsgoodtotalk.org.uk))
- **COAP** – Online forum for young people affected by a parent's addiction ([coap.org.uk](http://coap.org.uk))

*"I look upon discovering Nacoea as nothing short of a miracle, the information and support you provide paving the way to a new life, a fresh start and to leave behind over forty years of unhappiness, pain and tension."* **Cathy, 43**

Nacoea was founded in 1990 to address the problems faced by children growing up in families where one or both parents suffer from alcoholism or a similar addictive problem. This includes children of all ages, many of whose problems only become apparent in adulthood.

## Nacoea's aims

- To offer information, advice and support to children of alcohol-dependent parents
- To reach professionals working with them
- To raise their profile in the public consciousness
- To promote research into the problems they face and the prevention of alcoholism developing in this vulnerable group

Our services are funded by voluntary donations. Please support this vital work by becoming a member, volunteering or making a donation. Together we can make a difference.

## You are not alone

1 in 5 children in the UK live with a parent who drinks dangerously. Millions of adults in the UK are still being affected by their parents' drinking or the knock-on effects of growing up in a home where alcohol was a problem.

There is no lower or upper age limit to be affected by your parent, step-parent or carer's drinking and sometimes the problems only become apparent in adulthood. You can be affected whether or not you still live with them, or whether they are still drinking or still alive.

Nacoea is here for everyone affected by a parent's alcohol problems. Our helpline is a safe place where you can talk about things that are going on for you and how you are feeling. We are here to listen and will help for as long as you want. There is no need to give us your name and you can tell us as little or as much as you want. We will not judge and what you say will remain confidential.

## Callers often talk about:

- feeling different from other people
- having difficulty with relationships
- fearing rejection and abandonment, yet rejecting others
- being loyal even when loyalty is undesired
- finding it difficult to have fun
- judging themselves without mercy
- fearing failure, but sabotaging success
- over-reacting to changes over which they have no control
- lying when it would be just as easy to tell the truth
- guessing at what 'normal' is

*"I was never allowed to be a child: I had to spend every night keeping my parents from fighting. I never learned to play. Now, I can't make friends; I never learned to let people close to me. Even my relatives seem to live in a different world."* **Andrew, 35**

## Alcohol problems and the family

Alcoholism is like an illness and can affect people of all ages and from all walks of life. People with alcohol problems have lost control over their drinking and usually need help in order to stop. They continue to drink despite negative effects on their lives, their health, and those around them.

When someone has a drink problem, alcohol often becomes their main focus. As the drinker organises his/her life around alcohol, other family members can be left feeling unimportant and confused. Children often feel responsible for their parents' problems, even though they are not.

Families adapt to cope and the drink problem often becomes the family secret. The family rules **don't talk, don't trust, don't feel** develop to keep the problem hidden from the outside world and protect the illusion of a 'normal' family.

*"Through all those times of fear, embarrassment, we acted as if nothing was wrong. I wished that someone would see the pain behind the façade and would care. We knew not to talk about Dad's drinking. If we ignored it, we could all pretend it wasn't happening. I'm still haunted by my memories."* **Anon**

Living with alcoholism can be chaotic and lead to other problems – parents may have money worries, argue, become violent or withdraw from family life, suffering with anxiety, depression and mood swings. What's OK one day may not be the next. Children often feel confused, frightened, anxious, lonely, embarrassed, guilty and ashamed.

Children are more likely to suffer from low self-esteem, depression and thoughts of suicide, and sometimes use drink, drugs and addictive behaviours, such as eating disorders and self-harm, in order to cope. Despite this, many grow up to lead happy and healthy lives. Just being aware of the problem and having support can help.

*"Being brought up in an alcoholic family I was used to living in chaos and fear and learnt many coping strategies to help me to survive."* **Angela, 25**

## What you can do

Support is available for people who need help to stop drinking. However, they have to accept they have a problem and want to stop. You can feel better whether your parent continues to drink or not.

## Find out more about alcohol and the family

This can help you to understand what's going on and most importantly to look after yourself. See Nacoea's website for more information.

## Remember you are not responsible for people's drinking

Pouring away, watering down, or hiding alcohol may make things worse, and the person drinking may become angry, aggressive or secretive. Remember your parent's drinking is not, and never was, your fault.

## Remember alcohol affects the brain

People who drink often experience memory blackouts where they have no recollection of what they did, sometimes over significant periods of time. Try not to argue with someone when they are drinking; it may make things worse. They may say things that they normally wouldn't, and will often not remember the conversation afterwards.

## Be ready with information

Although you can't make someone stop drinking, you can have information to hand if and when they ask for it. Nacoea will happily research local support in your area. Sometimes, it's comforting to know what help is available.

## Be realistic

When someone is dependent on alcohol, the need to drink becomes so important that they may hurt and upset people they love. Promises are often made that are not kept. This can be very difficult for everyone in the family and feelings of being let down are common. It is important to look after yourself first. Sometimes this may mean distancing yourself from the drinker.

*"Thank you for the information. I come back from time to time, to remember it's not just me. I am not to blame and I am not alone."* **Tracey, 19**

## Support for Parents of Children with Autism: Free Workshops

### FREE Workshops

## Is your child on the Autism Assessment Waiting List?

This exciting project is aimed at parents and carers who are on the waiting list for an Autism assessment for their child. We know that in some areas this can be a long process.

For the first time Bristol, North Somerset and South Gloucestershire (BNSSG) Parent Carer forums have teamed together and are delivering specific workshops to provide information, support and practical guidance.

A combination of professional expertise, knowledge and the lived experience of parenting a SEND child is at the basis of each workshop. Attending our workshops will give you the benefit of years of professional training and expertise. We will be running both on-line and face-to-face workshops. Our face-to-face workshops will focus on four themes, turn over for a summary, and our on-line sessions will cover a variety of themes based on feedback we receive from families.

Please sign up to your local Parent Carer Forum to be the first to get dates and locations for our workshops and on-line sessions.

## Support for Parents of Children with Autism: Free Workshops

## Free face-to-face workshops for families awaiting an autism assessment

All workshops delivered by a SEND professional and an experienced SEND parent carer.

### An Introduction to Understanding and Supporting Communication

This workshop is an introduction to effective communication strategies. All behaviour is a form of communication and so much of our day to day life centres around it; and this is no different for our children and young people. When we are unable to communicate effectively, it can cause distress, anxiety and behaviours that challenge. This session offers an insight into effective communication and strategies to develop and improve communication with your child.

### An Introduction to Understanding and Supporting Anxiety

This workshop provides an insight into anxiety. Everybody experiences anxiety at various times in their lives. For our children, anxiety can be very distressing and can have a deep impact on their lives and ours. During this session we will look at how to recognise triggers for anxiety, why we experience anxiety and provide strategies to help.

### An Introduction to Understanding and Supporting Sensory Differences

This workshop provides an introduction to what sensory needs are. Sensory needs are key to many behaviours and often we do not realise the impact that they have on day to day life. This session will provide tips on recognising a sensory need together with practical ways to help your child.

### An Introduction to Understanding and Supporting Behaviour

All behaviour is a form of communication. Some behaviours can be really challenging for parents and carers. This can be shown as aggression, frustration or the child who shuts down and 'checks out'. Join us for our introduction to behaviour workshop designed with educational psychologists and parent carers to explore behaviour and behaviour managing strategies.

## Welfare Benefits Tips March 2022

Hello to you.

### Welfare Benefits Rates

Below is a link to the .gov.uk pages that set out **all welfare benefits rates**. This can be really helpful to check that you're receiving all the benefits you're entitled to:

<https://www.gov.uk/government/publications/benefit-and-pension-rates-2021-to-2022/benefit-and-pension-rates-2021-to-2022>

### Bristol City Council website benefits calculator

You can find the calculator at:

<https://bristol.entitledto.co.uk/home/start>

- It can be very helpful for all low-income households, to see if they might have an unclaimed benefits entitlement.
- Also, bearing in mind the removal of the £20/week 'covid uplift' in UC rates, the calculator can help people to see how they might be better off by just doing a few hours paid work per week. UC is designed to encourage people to find work, so it's more 'generous' than previous working age benefits, in allowing people to keep more waged income before they lose their UC entitlement.

To give an example: a 28 year old lone parent mother of an 8 year old girl and 6 year old boy, all in good health, living in a 2-bedroom private rented flat or house in BS5.

- Through benefits, the total household income would be £1667/month (including rent at £850/month). The household would be benefit capped at that amount and would be entitled to free school meals (FSMs). Apart from FSMs, after rent is paid, there would be £817 for food, drinks, gas and electricity bills, household essentials, clothing, travel etc.
- The same family, with the Mum working 15 hours/week at minimum wage, could be around £472/month better off, but would have to make some council tax contributions.

Speak up to stop gangs from targeting vulnerable people in Bristol.

Have you heard of 'cuckooing' before?

It's when drug gangs use violence and abuse to take over the homes of vulnerable people to use as a base for drug dealing, and it's happening in Bristol.

**If you have any suspicions or information about 'cuckooing' you can tell our charity what you know, 100% anonymously. Always.**

Victims of 'cuckooing' are often drug users but can include older people, those suffering from mental or physical health problems, female sex workers, single mums and those living in poverty. Once they gain control, gangs move in with the risk of domestic abuse, sexual exploitation and violence. Children as well as adults are used as drug runners. Some vulnerable adults may be forced to leave their homes, making themselves homeless and leaving the gangs free to sell drugs in their absence.

**Signs that 'cuckooing' may be going on at a property include:**

An increase in people entering and leaving  
An increase in cars or bikes outside  
Increase in anti-social behaviour  
Increasing litter outside  
Signs of drugs use  
Lack of healthcare visitors
